BOW CANOPIES

Manufactured in strong rigid G.R.P., this beautifully designed canopy is available for any opening between 1500 and 3400. Cuts fitting time to a minimum and can be completed by any installer, eliminating lead work tops and plastered ceilings etc. No need for specialist contractors to finish the job.

(Also available foam filled and/or reinforced at an extra cost)

**GARDEN ROOM
ROOF MODULES**

Garden rooms can be used in conjunction with our flexiporch roofs to create many different variations in shape and design.

Fully insulated roof 0.35 U value, this keeps your conservatory cool in the summer and warm in the winter, reducing condensation problems.

Don't sit in a greenhouse, relax in a garden room.

Our unique drain hopper can be fitted at any point on the gutter allowing more flexibility for you.

Garden Room Roofs available in:

- 5 segment size
- 7 segment size
- 9 segment size
- 11 segment size
- 13 segment size

Special variations in length made to order
